

MarryMe
wedding photography

WHO WE ARE

We are Alessandro Vincenzi and Paola de Grenet the collaborative duo behind MarryMe. Our collaboration was borne out of our shared passion for making images that intrigue, inspire and capture a sense of intimacy. Our background is in portrait and reportage, the perfect combination of styles to capture life events in the most authentic, spontaneous way, without interfering with the natural course of events.

Working together, we can offer various points of view. When one gets lost photographing the detail of a smile, the other looks from afar at the action on the dance floor or the beautiful surroundings.

While the bride and groom are getting ready, each photographer can spend time with one of them, a great opportunity for more intimate portraits with family and closer friends.

TWO IS BETTER

TILL THE END

We will stay with you for the duration of the whole wedding day, from the preparation of the bride and groom to the fun of the party. It lasts approximately 10 hours and we stay longer when we consider it important for the complete narration of the event.

We also do the editing and the post-production of the work together, the exchange of ideas and points of view is still very enriching at this stage of the process.

WE DO
EDITING

WE GIVE YOU

Within the first 10 days after the wedding, we deliver 10 edited images as preview of the work done. We will then edit and deliver, a month after the wedding, 300 final images individually retouched in high and low resolution.

We also like to gift you with a booklet that will serve as memento of the day.

We consider it important to give the bride and groom a **BOOKLET** edited by us with what we consider the best moments of the day, the images that will bring you to that first day over and over again. The format of the booklet is 15x21cm, it has 36 pages which allow for good storytelling and it is printed on warm 100gsm paper, with a hand stitched spine and a choice of 4 different colours for the thread and cover.

PRE AND POST WEDDING

The pre and post-wedding photo shoots are an opportunity for you to have intimate pictures with your spouse.

During the **Pre-Wedding** photos you will be wearing casual clothes. It can be in a location of your choice, like for example the place you met or we can suggest places for you. It is also an opportunity to get familiar with us and with our cameras in case we are also the photographers of your wedding. The **Post-Wedding** is normally shot in your wedding clothes after wedding. It is better if on the day of the actual wedding you don't have to worry about capturing these intimate moments and take time away from your guests. You can also choose a location that best reflects your relationship without too many practical concerns.

Both the pre and post-wedding photoshoots last 3 hours. We deliver 30 images per shoot, individually retouched and in high and low resolution.

THE BOOK

Be it for you or for your parents to give to, a photo album is the perfect object to commemorate your wedding.

We think that having been the direct witnesses of your wedding, we can edit the book in that special way that made your wedding unique.

Each album can range from 32 to 160 pages. The hard cover comes in fabrics of different colours and the paper can be of various weighs.

YOUR DRAWING

We produce custom made drawings for you to commission and give as gifts to family and friends. It can be a drawing of you as a couple to include in your invitation or a drawing inspired by your wedding as a thank you gift to your parents. Drawings are printed on a 20x25 cm Hahnemühle Giclée Fine Art Pearl Paper of 285 gsm and 100% alphacellulose. It's a light white and pearly paper that enables expressive contrasts and image depth with a pearl shine effect.

GET IN TOUCH

We value personal contact and for that reason we are very happy to arrange to meet you prior to the wedding and if necessary after the wedding. Whenever possible, we deliver the work in person.
